

Figure 14.2

Legend

- Proposed scheme (DMRB Stage 3 design)
- SuDS
- 5km Study area

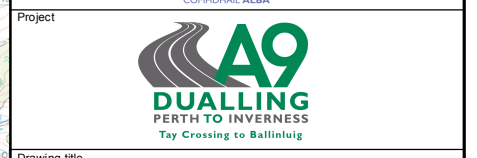

Zone of Theoretical Visibility (ZTV) *

- Visibility to a high number of target points along the proposed scheme
- Visibility to a low number of target points along the proposed scheme

* Note:
 Target points every 50m along the proposed scheme (using the centre line of the scheme and including side roads) used to establish visibility. The height from alignment was set at 4.5m and viewer height was 1.75m. The ZTV calculation only takes account of landform and does not take into account any surface features such as buildings or vegetation.
